# AWS SysOps Associate

---

## Course Overview:

Simplilearn's AWS SysOps Associate certification program will help you gain career-ready expertise in the highly scalable Amazon Web Services (AWS) cloud platform. Upon completing this course, you will master vital skills such as AWS cloud, IAM, Lambda, Redshift, EC2, S3, CloudTrail, Cloudwatch, and more.

## Course Highlights:

- 43 hours of Blended Learning
- 16 live demos and practice assignments
- 3 hands-on projects using the AWS console
- 3 simulation exams (60 questions each)
- Lifetime access to self-paced learning
- AWS select technology partner

## Course Delivery Method:

Online Bootcamp: Online Self Learning and Live Instructor-led Classes

\*This course includes Simplilearn's Integrated lab platform.

## Skills covered:

- Analysis and cost-effectiveness in AWS
- Deployment of fault-tolerant systems
- Data management
- Deployment and provisioning
- Full-scale production ops management
- Migrating on-premises apps to AWS
- Analysis of CloudWatch metrics
- Data integrity and security
- AWS operational best practices

<https://www.synermesh.com/elearning> [elarning@synermesh.com](mailto:elarning@synermesh.com) +352 621 150795

- Operational cost control measures
- AWS usage costs

## Eligibility/Who Will Benefit (Persona):

This AWS SysOps Associate training program is best suited for system administrators with at least one year of experience managing or building applications in the cloud.

## Pre-requisites:

To enroll for the AWS SysOps Associate Certification Course, you must complete the AWS Technical Essentials course or have significant hands-on professional experience in operating AWS-based applications.

You should also have the ability to define a solution to be built and operated on AWS, as well as experience provisioning, operating, and maintaining systems running on AWS. You should also be capable of providing AWS operations and deployment guidance and best practices throughout the lifecycle of a project.

## Accreditation Bodies/Certification alignment:

This AWS SysOps Associate training program is accredited with AWS Partner Network and aligned with the curriculum of the AWS SysOps Associate certification exam.

## Certification Criteria:

- Attend one complete batch of AWS SysOps Associate training OR complete 85% of online self-learning content
- Successfully complete one assessment project
- Successfully pass the assessment test
